President's Message

Again, I would like to thank our members for their continued support of our organization. Our membership has continued to grow and we have already received five new member packages approved by NSSAR this year already. Several more member packages are being prepared to send to NSSAR. The interest in family history seems to be on the rise.

This year's 237th anniversary of the Last Naval Battle celebration be attended by our NSSAR President General John T. Manning. In late October we will be meeting at the Veteran's Center to start preparing for the event. Will update everyone as things progress. We will need your support to help us make this year the best anniversary ever!

Since our last meeting we have met with the Veterans Center on moving the cannon and the LNB marker from its present location to the memorial garden area next to the Spanish American War monument. Thus keeping with the circular time sequence in the garden. This should be completed before March. In the present location it was almost hidden from all the other memorials and had little to no traffic except for the hidden quest game for the children. When the move is completed, more people will be able to visit and read about the local history during the American Revolution.

Visit our Website (brevardsar.org)! Robbie Carlisle has done a great job of updating the information with the help of Carroll Lord and Berry Eller. You will find all the information about our scheduled meetings and all the events we will be participating in throughout the year. Also there is a tab for anyone who wants to join the SAR. Fell free to share the site to anyone who may be interested in joining.

This year we would like to continue to have our members share stories about their patriots during our meetings. We call it a "History Moment". 5 or 10 minute talk would be great. If you rather not talk, at least share the information about your patriot to either Brian Jensen or James Ward so they can add it to the national database.

Hope to see everyone at our next meeting

Roger Bonnett
